

IP65 Snap-Lock Wallbox

The Snap Lock IP65 distribution box offers the ability to terminate 16 fibres in a strong yet lightweight ABS housing. Suitable for both SC Simplex and LC Duplex adapters.

Can be used internally and externally. Offers up to 24 exit points for patching cables and 1 standard cable entry point for loose tube, tight buffer, pre-terminated and steel tape armoured cable. Each enclosure has integrated strength member tie positions and bend radius protection with the addition of a removable front door allowing for quick and easy installation.
