

## WDM Bi-Directional SFP Transceivers

### OVERVIEW

The OPTiFab SFP Module adopts the latest 100Base-BX WDM bi-directional standards for transmission over a single strand of fibre, with one different wavelength going in each direction. With this LC SFP Module you can extend the network distance up to 15km when use in conjunction with an OPTiFab Switch or other equivalent Switches and provide high speeds and stability to your network

### FEATURES

- WDM Bi-Directional SFP Module
- Supports WDM Bi-Directional technology, using a single strand of fibre
- TX: 1310nm / RX: 1550nm
- Internal +3.3V Power Supply
- Plug-and-Play for easy installation
- IEEE 802.3ah 100Base-BX, CSMA/ CD, TCP/IP

### SPECIFICATIONS

Operating Temperature:	0°C~70°C (32°F~158°F)
Storage Temperature:	-40°C~80°C (-40°F~176°F)
Operating Humidity:	10%~90% non-condensing
Storage Humidity:	5%~90% non-condensing
