FTTH Compact IP65 Termination Box

The FTTH compact IP65 closure is used for the distribution and termination of fibre optic cable devices. The IP rated box can be utilised for FTTH applications and other installation requirements to break-out and splice input cables into drop cables, pigtails, or direct patching. The box may also be used for protective interconnection of a fibre network and is suitable for outdoor, riser and tunnel installations. It has a capacity for 4 port SC Simplex.

FEATURES

- The closure is made from anti-aging materials with ultraviolet protective characteristics
- The sealing mechanism is based on pressed rubber/ silicon strip and is rated to IP65
- Capacity = 4-Port SC Simplex
- Operating Temperature: -20°C~+70°C; Storage: -40°C~+80°C.
- Spare loops of pigtails and drop cables can be stowed in the storage compartment for convenience or for maintenance

Dimensions (including lid)

186mm x 114mm x 40mm
